

## Bible Books Word Find

There are thirty books of the Bible in these paragraphs. Can you find them?

This is a most remarkable puzzle. It was found by a gentleman in an airline seat pocket, on a flight from Los Angeles to Honolulu, keeping him occupied for hours. He enjoyed it so much, he passed it on to some friends. One friend from Illinois worked on this while fishing from his john boat. Another friend studied it while playing his banjo. Elaine Taylor, a columnist friend was so intrigued by it she mentioned it in her weekly newspaper column. Another friend judges the job of solving this puzzle so involving, she brews a cup of tea to help her nerves. There are some names that are really easy to spot. That's a fact! Some people however, will soon find themselves in a jam, especially since the book names are not necessarily capitalized.

Truthfully, from answers we get, we are forced to admit it usually takes a minister of scholar to see them at the worst! Research has shown that something in our genes is responsible for the difficulty we have seeing the books in these paragraphs. During a recent fund raising event, which featured this puzzle, the Alpha Delta Phi lemonade booth set a new sales record. The local paper, the Chronicle surveyed over 200 patrons who reported that this puzzle was one of the most difficult they had ever seen, as Daniel Humana humbly puts it, "The books are all right there in plain view hidden from sight." Those able to find them all will hear lamentations from those who have to be shown. One revelation may help is that books like Timothy and Samuel may occur without their numbers.

Also keep in mind, that punctuation and spaces in the middle are normal. A chipper attitude will help you compete really well against those who claim to know the answers. Remember, there is no need for a mad exodus. There really are 30 books of the Bible lurking somewhere in these paragraphs waiting to be found.
