FLAMINGOS SIGHTED!

A flamingo watch has been issued for the Sheffield area, particularly for our Zion St John families. Although there have been no confirmed sightings, the possibility exists for development of flocks of all sizes to begin appearing as early as June 1. Although these creatures are beautiful and look harmless, they can become aggressive if not handled by experienced removal teams. Please do not attempt removal on your own. Watch for more information about insurance and contact information for removal!
